

Marcos Herrero

Creative problem solver who turns messy data into clear stories
Data Analyst · Python, SQL, Excel, Tableau/Power BI · design-minded
Collaborative teammate who builds pipelines, models, and visuals others can use

WORK EXPERIENCE

Casamonte LLC – *Operations Data Analyst*

March 2024 - Present

Reconciled truck loads and SKUs against shipping, delivery, and sales-representative records to confirm commissions and deliveries; supported procurement/inventory in Stone Profits, order fulfillment/shipping, and website/database updates.

Built Python Jupyter pipelines to clean Stone Profits (SPS) extracts and deliver weighted commission reports by representative plus SKU-level ROI workbooks in Excel for accounting decision-making.

Applied data analysis to color theory in a Wallpaper Color Correction app (Python, NumPy, Pillow): clustered image colors with K-Means in Lab space and matched clusters to Pantone targets for layered recoloring and PSD/TIF export.

Freelance – *Illustrator, Photographer, Video Editor, and CAD Designer*

March 2020 - Present

Created visual and CAD assets for events and promotions (illustrations, photo/video, 3D models).

Chewy.com – *Customer Service Representative*

Hollywood, FL

October 2020 - March 2021

Supported order placement, replacements, and returns in Chewy backend systems.

Starbucks – *Shift Supervisor*

Miami Lakes, FL

September 2016 - May 2020

Supervised shifts with inventory and cash accountability; designed PAR charts and graphs to improve replenishment and reduce stockouts.

Miami Dade County Public Schools – *Robotics Instructor (Grades 6-12)*

Bob Graham Education Center, Hialeah Gardens High School, and W.R. Thomas Middle School

September - December 2016

Instructed and mentored classes of students in designing, building, and competing with their own robots.

EDUCATION

Miami Dade College – *B.S. Data Analytics*

Spring 2025 – Fall 2026

Learned how to clean and explore data, use statistics to test ideas, build and compare predictive models, and explain results clearly with charts and summaries for non-technical audiences (Python, SQL, Excel, Tableau, Power BI).

Dean's List: Fall 2025, Spring 2026 | National Honor Society of Leadership and Success

Miami Dade College – *A.A. Computer Science*

Fall 2022 - Fall 2024

Associate in Arts with a focus on Computer Engineering

Hialeah Gardens High School – *Diploma of Distinction (AICE; Engineering; Arts & Entertainment)* | May 2015, GPA 5.3

8362 NW 144th Terrace

Miami Lakes, FL 33016

(786) 973-0242

marcosdherrero@gmail.com

SKILLS

Core: Python, SQL, Excel, Tableau, Power BI, Jupyter Notebooks

Libraries: Pandas, NumPy, scikit-learn, XGBoost, Seaborn, Matplotlib

Modeling: EDA; logistic regression; decision trees; random forest; XGBoost; cross-validation; precision/recall/F1/AUC; feature importance; champion-model selection

Office Tools: R, JavaScript, Microsoft Office (Word, PowerPoint, Access, Outlook)

Other tools: AutoCAD, Fusion, Photoshop, Premiere, Illustrator, DaVinci Resolve

CERTIFICATIONS

Google Advanced Data Analytics Certificate

AWARDS

University of Florida Innovation Showcase 2016 – Make It Happen Award

Recognized for a farm food-waste dehydrator prototype with strongest implementation potential; used farmer and utility data to assess feasibility and cost impact.
